ALLIES ARE NOW WITHIN MILE OF TOWN OF COURTRAI

(By Associated Press.)
With the Allies in Belgium, Oct. 16.—The allied troops a mile west of Courtrai have advanced and have sent patrols forward and they are now within a mile of Courtrai. The Lys river seems to have been crossed between Comines, which has been captured and Warrenton. Reports indicate that another crossing of the Lys has been effected at Wervicq. To the south the enemy has begun a withdrawal. Their troops have been moved backward from Punt Avenin and Bercolau and from the Rollegheem front. Everywhere the Germans are fighting the rear guard actions with a large number of men involved in the struggle. Cuernne has been stormed and taken and the Belgians have taken Bevrn station.

LILLE ENTERED.
(By Associated Press.)
Paris, Oct. 16.—British patrols entered the western suburbs of Lille this morning.

DOUG ON THE JOB.
(Associated Press.)
Washington, Oct. 16.—Douglas Fairbanks left Washington this morning for New York in a mail airplane to seek the man who will match Barney Baruch for a million dollar subscription to the liberty loan.

REVOLUTION NOW IN UKRAINE IS AN ESTABLISHED FACT

Stockholm, Oct. 16.—Insurrection is spreading in Ukraine and recently extended throughout the government of Podolia. It is reported that at several places the German troops are siding with the rebels. Several thousand troops are declared to have hoisted the red flag near Ekaterinoslav and have killed their officers. They are now marching on Kmarkov to join the revolutionary soldiers who hold the town. At present a force of 5000 men armed with machine guns and cannon are moving on Poltava.

NEW RECTOR FROM DALLAS.
Houston, Oct. 16.—Rev. Charles Clingman, who is to succeed Rev. Clinton C. Quinn as rector of Trinity Episcopal church, is expected in Houston tomorrow to assume his duties. He comes from Dallas, where he has been rector of the Incarnation for five years. Mr. Quinn has been elected bishop coadjutor of the Texas diocese of the Episcopal church and will be consecrated Oct. 24 in Houston by Right Rev. Bishop Daniel S. Tuttle of St. Louis. Bishop Quinn will continue his residence in Houston.

DANIELS URGES SPEED.
(By Associated Press.)
Washington, Oct. 15.—American shipbuilders were called upon by Secretary Daniels today to speed up the output of destroyers to meet the menace of the new and greater submarine effort. Germany is known to be planning.

PANIC ON BERLIN 'CHANGE.

(By Associated Press.)
London, Oct. 16.—President Wilson's reply to the German peace note has produced a most unfavorable impression in Berlin, says a Central News dispatch from Amsterdam today. The publication of the reply was followed by a panic in banking circles and on the stock exchange.
The German supreme command will come to Berlin this present week and deliberate on mobilization and the concentration of the national strength and discuss the raising of the military age.

RESTAURANT RUN TO EXPOSE EXCESS PROFITS IN ENGLAND

London, Oct. 16.—The national restaurant here, which was established to expose the profiteers, is not only self-supporting but is making a good profit, according to Alderman C. F. Spencer, its director. Caterers had charged that the enterprise was able to supply good food at reasonable prices only because it had government aid.
After deducting rent, management charges and all other expenses the restaurant has been clearing about \$350 a week or 70 per cent a year on its capital.
Meals sold for 13 cents yield a net profit of about two cents. Commenting on this the Manchester Guardian observes, "It is thus beyond question that even at war prices excellent food in sufficient quantities can be sold at prices within the reach of everyone, with a sound profit left over."
The British food controller thus is encouraged in his policy of opening national restaurants in other big cities.

HUN TORPEDO BOATS AND CRUISERS GO BACK TO GERMANY

(By Associated Press.)
London, Oct. 15.—Several of Germany's largest torpedo boats recently left Zeebrugge, one of the German naval bases on the Belgian coast, during a stormy night. German warships filled to their capacity with soldiers left and proceeded toward Germany. The Germans are also reported to be leaving Ostend.

39 NEW OFFICERS.

Austin, Oct. 16.—All of the companies of young men who are being trained at the school of automobile mechanics which the University of Texas is conducting at Camp Mabry are now well officered, there having recently arrived 39 newly commissioned second lieutenants who are assigning to the different companies. These lieutenants came from 26 universities and three military academies in 14 states. Three of the officers are graduates of the State University of Missouri, three of the University of Minnesota, while the University of Arkansas, the University of Illinois, University of Wisconsin, the A. and M. of Kansas, the A. and M. of Texas and the A. and M. of Mississippi are each represented by two former graduates. The other officers come from Washington university, St. Louis; University of Oklahoma, the Northwestern college, Akron university, University of Tennessee, Vanderbilt university, University of Iowa, Rice Institute, Baker university, University of Kansas, University of Ohio, Miami university, A. and M. of Michigan, Crane college, University of Mississippi, Drury college Ohio Wesleyan university and University of Cincinnati.

ITALIANS DIE OF PNEUMONIA

During the past 48 hours the Italians of Brazos county have lost three of their members by pneumonia. Today John Fezino and Joe Carone were buried from St. Anthony's church by Rev. Father DeSimone. Fezino died yesterday on his place about four miles from Bryan and Carone died in Mudville.
Yesterday Marie Delao was buried. She died from pneumonia Sunday.

TO PROVIDE "Y" SECRETARIES.

In keeping with the new policy of the Y. M. C. A. to provide war secretaries for all S. A. T. C. units, R. A. Martin, recent educational secretary at Camp Travis, has come to College to work with the students here. He has had several years experience in public school work in Texas and has been in the Y work since July 1. J. B. McCrover has been transferred to Camp Bowie.

BURIAN SAYS TURKS WILL REMAIN WITH TEUTONIC ALLIANCE

(By Associated Press.)
Basel, Oct. 16.—Confidence that Turkey would remain faithful to the Teutonic alliance was expressed by Baron Burian, Austria-Hungarian foreign minister in the course of a statement to the foreign affairs committee of a Hungarian delegation, says a Vienna dispatch. He also reasserted Austria's fidelity to Germany.

WIRES MOTHER HE IS ALIVE.

Minneapolis, Minn., Oct. 16.—"I am reported killed. It's a mistake. Am well and happy."
This cablegram was received from Lieutenant Addison Douglas, former captain of the University of Minnesota basketball team and a member of the 1916 Gopher football squad, by his mother, Mrs. Louis Butler of Minneapolis.

A later cablegram indicated that a fellow officer of Lieutenant Douglas had been killed in the first line trenches and the report to headquarters listed Douglas by mistake.
Lieutenant Douglas, who is well known in Big Ten athletic circles, reached France nearly a year ago as second lieutenant in the regular army. He has since been commissioned first lieutenant and a recent service bulletin mentioned him for a probable commission of captain.

He now has charge of ammunition supplies for the first line on one small strip of an American sector.

ATTEMPT DESTROY CATHEDRAL

Paris, Oct. 16.—When the allied troops entered St. Quentin they found every pillar in the cathedral there had been excavated at a level with the ground preparatory to placing explosives under them. The rapidity of the allied advance had prevented the Germans from carrying out their plans to destroy the edifice.

THE INVESTIGATION STARTS.

Behind closed doors, as far as the public was concerned, the government investigation of the affairs leading up to and during the recent epidemic of influenza and pneumonia, was conducted Tuesday and a portion of today. As the meeting is not a public hearing it is impossible to give the public an inkling of what is being done.

Yesterday many witnesses were examined by the officer who had charge of the investigation. These witnesses were the same people from whom The Eagle secured the information which led to a denouement of the conditions in barracks five.

The promptness with which the government started this investigation is to be commended. It shows that no stones are to be left unturned to punish those who were responsible for the situation which has been fully described by many witnesses and partly described in this paper.

Yesterday morning The Eagle turned over to the officer in charge the affidavits which the paper had collected. Aside from the officer who received them there is no one who knows the contents of these papers. We will say, however, that they supported every charge made by The Eagle, the county council of defense, the chairman of the local exemption board and the mayor of Bryan.

From every side The Eagle has been congratulated on the stand it took. We have been criticised on one side—but we expected it and we were not disappointed. However, The Eagle feels that it has done only the duty imposed on every newspaper which is not subsidized in some manner.

We assure the readers of these columns that when the investigation is completed that those who were to blame for the conditions in barracks five will either be exonerated or punished. The investigation is fair and impartial and the truth is being told. That is all we ask and when the report comes in it is not likely that the facts stated in The Eagle will be declared to be "largely false."

U-BOAT WARFARE.

(By Associated Press.)
Amsterdam, Oct. 15.—There is good reason to believe that the German submarine warfare will reach a climax during the winter. It will produce an economic crisis of unanticipated dimensions in the entente countries, says the Rheinisch Westphalian Gazette.

I AM PUBLIC OPINION.

All men fear me! I declare that Uncle Sam shall not go to his knees to beg you to buy his bonds. That is no position for a fighting man. But if you have the money to buy and do not buy, I will make this No Man's Land for you!

I will judge not by an allegiance expressed in mere words. I will judge not by your mad cheers as our boys march away to whatever fate may have in store for them.

I will judge you not by the warmth of the tears you shed over the lists of the dead and the injured that come to us from time to time.

I will judge you not by your uncovered head and solemn mien as our rained in battle return to our shores for loving care.

But, as wise as I am just, I will judge you by the material aid you give to the fighting men who are facing death that you may live and move and have your being in a world made safe.

I warn you—don't talk patriotism over here unless your money is talking victory Over There.

I am public opinion! As I judge, all men stand or fall!

CITY FATHERS WILL MEET THURSDAY TO CALL AN ELECTION

Thursday night the city commissioners will hold an adjourned meeting to consider any business that may be brought before the body. Among the matters to be taken up will be the calling of an election to elect a successor to fill the vacancy on the board caused by the death of W. S. Wilson, Jr.

Another matter to be brought up is the ordinance regarding the working six days each week of all able-bodied adults. It is thought that this law will be passed by the commissioners.

J. J. RAY, LOCAL Y. M. C. A. WORKER, NOT TO GO ABROAD

J. J. Ray, formerly of Bryan but now engaged in army Y. M. C. A. work at Kelly field, has received a letter from the national war work council of the Y. M. C. A. in which the latter body states that on account of his large family they do not deem it advisable to send him overseas. Mr. Ray put in his application some time ago for overseas service.

Dear Mr. Ray:
Your overseas questionnaire together with your papers have been turned over to the overseas department by the placement department. I wish it was so that we could send you overseas, but we note that you have a wife and five children depending upon you, with ages about as follows: Boy five years old, boy twins about seven years, boy about 12, and a girl about 14.

We appreciate the spirit in which you have tendered your services for overseas but in view of the large family depending upon you we think it best not to send you overseas; for there is a possibility that you might not come back, and unless you are so fixed financially that your family will be taken care of until they reach maturity, we would hardly think it advisable to ask you to go overseas.

Trusting that you will continue to do the good work that you are doing in our home camp and wishing you continued success, I am very sincerely yours,
G. M. KNEBEL,
Overseas Personnel Secretary.

TURKS DEMANDED PEACE SAYS DISPATCH

Paris, Oct. 15.—The political situation in Constantinople previous to the retirement of Enver Pasha and Talaat Pasha was such that force was threatened unless the cabinet resigned and peace was secured at any cost, says a dispatch from the Turkish capital.

MRS. MEREDITH DEAD.

Mrs. Jessie Meredith, aged about 40 years, died last night at her residence after a two weeks' illness of pneumonia. Three small children, Mildred, Hilda and Adeline survive. The body was taken in charge by the Dansby company and will be sent this afternoon to Millican where interment will be made.

Seattle, Oct. 16.—The Great Northern railway company's oil dock at Smith Cove caught fire late last night and at an early hour this morning was expected to be a total loss. An enormous quantity of oil was in the dock was set fire and a burning stream was seen in the river endangering a Japanese liner. It is unofficially estimated that the loss is over a million dollars.

EIGHTY DIVISIONS IN FRANCE AND EIGHTEEN AT HOME NEW MEASURE

THOMAS W. RAMBOLD AND PROF. BARWIS DIE OF PNEUMONIA

One death, that of Thomas W. Rambold of company C, training detachment, occurred at College during the 24-hour period ending at noon Wednesday, and Maj. S. M. Corbett, M. C., announced at that time that the situation is so satisfactory that very few more deaths are anticipated at all among either soldiers or students. There are no more serious cases among the students and very few among the soldiers, and while a few of the latter are still quite ill, Major Corbett will be greatly disappointed if more than two or three of them fail to pull through. Everything possible is being done to save them. They have been in a critical condition for several days, however, and are very low.

Rambold was 29 years old and lived at Junction, Texas, where he is survived by his parents, Mr. and Mrs. P. J. Rambold, and other relatives, the mother and two sisters being in attendance upon him during his last illness, which terminated at 7:30 Tuesday night. The body has been forwarded to Junction for burial and was accompanied by the relatives and Private Charles Rathmell, who went as a military escort.

Prof. Barwis Dies.

Prof. I. R. Barwis, instructor in radio mechanics at A. and M. college, died late Tuesday afternoon at the home of Mrs. Ollie Simmons in Bryan, where he made his home, after an illness of four days. He contracted the influenza last Friday afternoon, missed his classes for the first time Saturday and though he became seriously ill Monday, pneumonia did not develop until Tuesday morning. It worked quickly, however, and the patient succumbed in 12 hours. His wife and two small children were with him when he passed away and accompanied the body to Childress, the family home, where interment will be made.

Mr. Barwis was a graduate of the college, having completed the course in architectural engineering in 1910. He was called to College in September to help fill the demand for teachers of radio mechanics and had become very popular with his students and fellow instructors. The sympathy of all these is extended to the stricken family.

CALVERT OFFERS AID TO BRYAN

Ed Hall yesterday received a telephone call from P. C. Gibson of Calvert. Mr. Gibson stated over the telephone that they had heard at Calvert that the influenza condition in Bryan and at College were bad and offered in the name of the citizens of Calvert to render any aid possible. He stated that the citizens of Calvert had just had a mass meeting and would rent a three-story hotel there and furnish it, if necessary, and that they would take care of as many soldiers as the building would hold.

Mr. Gibson was thanked and told that the situation here and at College was well in hand. The people of Bryan greatly appreciate the thoughtfulness and spirit of the neighboring town which prompted the offer.

J. B. CONWAY FUNERAL.

J. B. Conway, 35, died Saturday of pneumonia at a San Antonio hospital. The body was brought to Bryan and reached here Sunday evening and funeral services were conducted this morning from the residence of E. H. Astin. Interment was made in the City cemetery.

LIEUT. GARROS DEAD.

(By Associated Press.)
Amsterdam, Oct. 16.—Lieut. Roland C. Garros, noted French aviator who was posted as missing on October 7, after a flight over the German lines, was shot down and killed, says a German message.

ARMY OF FIVE MILLION.

(By Associated Press.)
Washington, Oct. 16.—Immediate consideration was given by the house today to a military deficiency bill carrying over six billion dollars was reported by the appropriation committee to provide for an enlarged war program during the coming nine months. Leaders say the bill will be passed tomorrow.

An army of five million men, eighty divisions in France and eighteen in training in this country by July 1 next is what the new program calls for.

GERMANS RESIST.

(By Associated Press.)
With the Americans at Verdun, Oct. 16.—The Germans today continued their resistance against the advance of the Americans on this front, the strength of the opposition fully equaling that of yesterday. With machine guns, some artillery fire and minor counter attacks the Germans this morning interposed a desperate resistance along the entire line.

All counter attacks were easily repulsed. They had appeared because of their small numbers and it was their object to throw confusion into the American ranks in order to save time.

DUNKIRK BOMBARDED.

(By Associated Press.)
With the British in Flanders, Oct. 16.—The Belgian cavalry were reported this morning to be within a mile of the important railway center of Thielt. The Germans today resumed their long range bombardment of the French seaport of Dunkirk on the Straits of Dover. There were some civilian victims of the Germans' fire.

RUMOR OF PEACE UNFOUNDED.

London, Oct. 16.—The official press bureau is officially informed that the reports published Wednesday afternoon to the effect that Germany had capitulated have no foundation in fact.
Amsterdam, Oct. 16.—The Nieuwe Rotterdam Courant has withdrawn its statement regarding the capitulation of Germany and the abdication of Emperor William. This step was taken, the newspaper says, because it was unable to obtain any confirmation of the report.

Here Are the Rumors.

Amsterdam, Oct. 16.—The Nieuwe Rotterdamse Courant Wednesday issued a special edition giving the report that Germany had capitulated and that Emperor William had abdicated.
London, Oct. 16.—The British foreign office stated this evening that it had no official confirmation of the rumors that the German emperor had abdicated, but that opinion in well informed circles was not disposed to reject these rumors.

Paris, Oct. 16.—According to a source of information not without value, Berlin is considering how Emperor William can disappear without endangering the dynasty, says a dispatch from Geneva to the Temps. One solution being considered, it is said, is the abdication of the emperor in favor of his grandson, William, the eldest son of the German crown prince, with the emperor's brother, Prince Henry, as regent. The Journal des Debats Tuesday mentioned editorially the possibility of such a plan but condemned it as unacceptable.

London, Oct. 16.—Reuter's Limited learns that the German reply to President Wilson is expected to be communicated immediately and that it is likely to constitute a general acceptance of the president's conditions.

Amsterdam, Oct. 16.—A movement can be observed in the German capital, says a dispatch from Berlin to the Tijd, to bring about a cessation of the submarine war as the result of President Wilson's note.

MIRROR SAVES FIFTY.

(Associated Press.)
London, Oct. 16.—A woman's hand mirror was the means of saving 50 lives from the torpedoed liner Galway Castle. Among the survivors on the raft was a woman who took from her hand bag a small mirror and suggested that a sailor use it for making heliograph signals. An attempt was made and the signals brought a destroyer at full speed which rescued the survivors from the raft as well as many clinging to the wreckage.

THAT GERMAN CONFERENCE.

Speculation is rife in diplomatic circles all over the world as to the possible meaning and significance of the conference called by the kaiser of all the sovereigns of the German states. This star-chamber session is now in progress in Berlin.

One feature of the meeting may be that the war lord intends to assure his under lords that he will put down any dissatisfaction in their territory which may arise. It is well known that some of the German states, particularly Bavaria, Saxony and Luxembourg, are not any too tightly held to the German empire and Prussian dominion. If the conference is for this purpose it will mean a prolongation of the war until Germany reaches such a stage that a revolution will be inevitable.

It is also possible that the rumor which has been current in Stockholm that the kaiser is going to agree to an unconditional surrender and abdicate may be the cause of the calling together of the monarchs. If this be so, then once again peace will settle down upon the world, and where troubled strife now reigns quiet and content will follow.

With the perverted ideas of William it is not thought likely that he will imperil his dynasty. Even in the event of his abdication, his beloved son, the crown prince, will be on tap to take his job. This would not help the situation, for the imbecile son of the detected German kaiser would be worse than his father.

There is some piece of German precaution and forethought in this conference that is of great import to the entire world.

Never before in the history of the German empire has the emperor called in the state sovereigns for a session. Can it be that he is actually beginning to realize that the people should have some part in the conduct of the government?

THE PROFITEER.

There are two species of the buzzard profiteer. One is the parasite who endeavors to make large sums of money off of government contracts during war times and the other is the smaller gink who tries to hoist the price of butter three cents per pound on the wife of the soldier boy. Both belong to the same species in the zoological category and both are as poisonous as the tsetse fly. There is only one way to get rid of the pests and that is by completely crushing them physically, financially and mentally.

A profiteer may be easily discovered and when found should be at once reported to the county council of defense in order that legal fumigator may be shot at him from the strong arm of right. The man who will attempt to make excess profits out of the government in times like these is worse than a pro-German and that's saying a whole mouthful.

The pro-German at least stands up for his country and the profiteer lays down on his native land and proceeds to bleed it. There is no punishment severe enough to be inflicted on this kind of a whelp. He is a dirtier pup

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Phillips, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading the testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui. Try Cardui today.

than the kaiser, if such a thing is possible.

No good society should tolerate a profiteer. He should be shunned like an advanced case of Spanish influenza. He should be ostracized by good and bad, black and white. The company of a first class murderer is preferable. Seek out for your country the profiteer. Report him to the defense council that they may deal with him. Help rid your country of this great menace of the "enemy within."

GOVERNMENT CONTROL.

Since the taking over by the government of the railways there is no question but that the efficiency of the service has increased. It is true that many trains have been taken off the various roads, but very few inconveniences are being experienced by travelers.

After the war is over and our war debts are paid up, it is doubtful if the roads will ever be turned back to their owners. Many companies will be glad to dispose of their holdings to the government, as there is a great deal of watered stock which can be satisfied in this manner. When the government takes permanent control of the railroads and conditions begin to adjust themselves to normal once again, the chances are that one cent fare will be the standard used on all the lines. Travel will be heavy after the war and the demand will cause an increased train service.

Under the direction of William G. McAdoo, assisted by a corps of experts in railroading, the various lines are now operating at a minimum cost and giving the maximum of service. Various improvements have been added and the accidents are fewer than in years when they were privately owned.

The telegraph companies were taken over and not a message was lost nor was there the slightest friction caused by the change. If the government can successfully operate the railroads, telegraph companies and express companies as a war emergency, the chances are that these industries will never pass back to private ownership.

FOUR PULLMANS WRECKED EARLY SUNDAY MORNING

Four Pullmans attached to the train which reaches Bryan about 3 a. m. from Fort Worth on the H. & T. C. were derailed Sunday morning at a point opposite the Bryan ice plant. A split rail is believed to have been responsible for the accident.

Owing to the steel construction of the cars there was no one injured beyond a severe shaking up. The passengers were taken on to their destination in the day coaches which did not leave the rails.

The main line will be open to traffic today and yesterday trains were derailed past the wreck by means of a siding.

WILSON MARCHES IN N. Y. PARADE

(By Associated Press)
New York, Oct. 12.—President Wilson marched in the liberty day parade at the head of an American division amid continuous cheering.

Grove's Tasteless chill Tonic destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c.

LETTER FROM JOHN McMILLIN.

Rev. J. J. Tatum is in receipt of the following letter from John John McMILLIN, of the 25th Spruce Squadron, 2d Prov. Reg., now stationed at Vancouver, Wash.:

Vancouver, Wash., Oct. 7, 1918.
Dear Brother Tatum—I haven't forgotten you, but it seems like I have lots of writing to do and don't do as much as perhaps I should, since there is quite a lot of work to be done here.

Well, I have been pretty well settled down for the last six weeks and am getting along all right and like it fine.

Am working in the storage yard at the mill, stacking lumber. We have some yard and some mill here. Last month in one day they put out over 1,400,000 feet of lumber. The mill is operated 24 hours per day.

We work by crews and shifts and change shifts every two weeks. Portland is just ten miles from here. Have street car and jitney service from Portland to Vancouver. The one-way jitney fare is 25c and street car fare, 15c.

We have fine eats, officers, quarters, men and almost every convenience possible.

When we are not on duty we can get permission from the sergeant to go to town and can stay out as late as 11 p. m. without a pass and later with one.

We cross two rivers in going over to the main part of Portland—the Columbia and the Willamette. Cross the latter twice in going to the far side of the city.

We have a new Y. M. C. A. about 100 yards from our quarters, and I go over nearly every night. A person can hardly imagine what a big work the Y is doing until they get into some big field like this and see what they are doing for the boys. Have all kinds of books, magazines, music, entertainments, lectures, moving pictures and other things of interest.

They are using army men for instructors and giving free instruction to the men in many subjects. I am taking mechanical drawing.

So far, the influenza has not been very bad here, which is due to precautions taken in time by the officials.

Your Brother,
JOHN McMILLIN.

Grove's Tasteless chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

FATHER GLEISSNER SAYS CONDITIONS ARE MUCH BETTER

To the Editor of the Bryan Eagle:

A few days ago the Bryan Eagle published a statement as to conditions of barracks No. 5. I, one of the two ministers referred to, said that conditions were beyond description, also that I witnessed the deathbed scene of a soldier who had neither pillow nor a sheet on his bed nor did he wear a nightgown. It is true that these conditions existed at the outbreak of the epidemic, but in justice I wish to state that I noticed improvements from day to day and now barracks No. 5 compares favorably to a ward of any well kept hospital. Lieutenant Sexton and his men did all to better the situation. My heart overflowed with joy when I saw soft pillows on which the sick could rest their heads, also on every cot there are snowwhite sheets. The sick look more comfortable in nightgowns, than formerly in uniforms. What a home-like appearance! Volunteer lady nurses, God bless them, are also interested in the soldiers' welfare—even vases of flowers are here and there. Cool drinks, oranges and the like are offered to the sick. It embarrassed me to be offered to as one who deserved praise; no praise is due to me, I simply did my duty and will be only too happy if I can continue to do so. Far was from me the thought of harming or criticising any one; my office is one of justice and peace.

J. B. GLEISSNER,
Pastor St. Joseph's Church.

LIEUT. H. B. HOVDE THANKS PEOPLE WHO GAVE SOLDIERS AID

On behalf of the enlisted men of the 32nd signal corps who have been sick at College their commanding officer has issued the following note of appreciation to the people who have assisted during the epidemic.

On behalf of the enlisted men of the 32nd service company, signal corps, College Station, Texas, which is composed of both the meteorologists and radio electricians now under instruction at the A. and M. college, I wish to thank the persons and merchandise stores named below for the assistance they have rendered, which have been and now are being used to ameliorate the conditions due to the epidemic of influenza prevalent at College:

Mrs. J. B. Bagley, J. E. Covey, Mrs. E. W. Crenshaw, Mrs. J. N. Cole, R. Ellis, Mrs. Evans, Miss Mae Belle Evans, J. W. Hall, C. B. Nichols, Mrs. M. B. Parker, Mrs. A. T. Potts, Mrs. Rob. Roberts, Mrs. Jim Webb, Cole & Hensarling Gro. Co., Holmes Bros., Lawrence Gro. Co., Levy Bros., Myers Hardware Co., Parker-Astin Hardware Co.

In this connection I also wish to extend on behalf of the sick soldiers in my command most sincere and heartfelt thanks to the ladies of the extension department and the ladies resident on the campus for the efforts they have made for the providing of special diet for the sick.

All others who have contributed in some measure, however slight, but concerning whom we have made no mention on account of not having complete information at hand, are doubly thanked for the assistance rendered in the present emergency.

HJALMAR B. HOVDE,
First Lieut. Signal Corps.

PETER VITOPIL IS DEAD AFTER SHORT SEIGE OF GRIPPE

Peter Vitopil, 42 years old, died at 9:10 last night after a week's illness of pneumonia. Death occurred at his late residence on Twenty-fifth street.

Mr. Vitopil had been a resident of Bryan for the past 20 years and was engaged in the grocery business. He was regarded as a good business man and was a man well liked in the community. In April, 1902, he married Miss Frances Rosprim, who, with four children, Peter, 13, John, 10, Mary, 8, and Frances, 5, survive him.

Funeral services will be conducted Sunday afternoon from St. Joseph's Catholic church, Rev. Father J. B. Gleissner officiating. Interment will be made in the Catholic cemetery.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible.

You're bilious, sluggish, constipated and brave you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee: Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.—Adv.

CAMP TRAVIS HAS CONQUERED EPIDEMIC

Camp Travis, Texas, Oct. 14.—Because epidemic influenza has appeared in Camp Travis, "the folks back home" need not worry for fear their boys in this camp are needlessly exposed to dangers or can lack for care. Every precaution is taken to isolate influenza cases the instant they develop and those who have been taken ill are receiving even better care than they could get at home for they are in care of the best specialists the government can secure.

Two things have contributed materially to the remarkable success of the fight on influenza at Camp Travis. In the first place, Camp Travis is one of the most sanitary camps in the entire United States; and sanitation is the first prerequisite in war on disease. In the second place, forewarned by experiences of the eastern army camps and knowing that the appearance of the epidemic here was inevitable, the camp officials forearmed themselves for the time when they would be called upon to face the music. Days before a single case of Spanish influenza had appeared this cantonment was ready for it. A warning had been sounded to every soldier in camp to keep himself in the best possible physical condition, clean inside and out, with special attention to the nostrils. Everyone was made acquainted with the nature of the disease, how it is spread and how best to combat it. At the same time the mammoth base hospital at Camp Travis was being made ready and all kinds of supplies, nurses and other attendants mobilized. When the epidemic struck they jumped on to it with both feet, so to speak, and as a result, while deaths from the disease were occurring by the hundreds in the east, not a fatality was recorded at Camp Travis during the first week of the fight and pneumonia developments have been held at a minimum.

COMPLAINTS WILL BE FILED AGAINST FOOD LAW VIOLATORS

Complaints will soon be filed in several counties of the state as the result of violation of the provisions of the Texas food law. These complaints will be based upon incorrect guarantees, non-tagging and adulteration of feed for domestic animals and will be filed at San Augustine, Corpus Christi, Falfurrias, Waxahachie, Waco, Hillsboro, Georgetown, Roby and Wichita Falls, according to a statement by F. D. Fuller, chief division of feed control service at College Station.

LOCAL CONTRACTOR DIES IN MADISON

J. W. Wilkinson, 31, a life long resident of Brazos county, died of pneumonia Saturday night at 9:30 o'clock at the home of his father-in-law, R. L. Walker, in Madison county. Mr. Wilkinson had been sick for about a week. He is survived by a wife and small child who were at his bedside when he died.

The funeral was conducted Sunday at Beldias and interment was made in the family burying ground there. Mr. Wilkinson was engaged in the contracting business and was well and favorably known in Bryan.

Mrs. Wilkinson will return to Bryan on the night train tonight.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman who uses lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.—Adv.

FEEL MISERABLE FROM THAT COLD?

Colds and coughs are quickly relieved by Dr. King's New Discovery

Nobody should feel "perfectly miserable" from a cold, cough or bronchial attack for very long. For it takes only a little while to relieve it and get back on the road to recovery. Dr. King's New Discovery is faithfully used. It soon loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort.

Half a century old and more popular today than ever. At all druggists.

Make Your Bowels Behave

Make them function with gratifying precision. If regulation of the diet does not relieve their torpidity Dr. King's New Life Pills will. They are perfect bowel trainers, cleanse the system surely, comfortably.

CAPTAIN GIBSON ANSWERS CHARGES MADE BY PUBLIC

Published in the Battalion, of issue of October 12, Capt. John F. Gibson, M. C., has replied to the editorial written in The Eagle of October 11, regarding the conditions in barracks five. The Battalion is published weekly by the students at A. and M. college.

Captain Gibson's Statement.

The following statement was given out today by the acting surgeon, John F. Gibson, captain M. C., in reply to editorial and article in Bryan Eagle:

1. The statement that a boy "died" and was resuscitated by his uncle and that no physician was available all night is incorrect.

2. The local Red Cross aid was not refused, no such aid was offered till noon Thursday and was then accepted.

3. Regarding refusal of authorities to allow removal of sick soldiers to civilian hospital in Bryan. Attention is called to the fact that the Bryan hospital is entirely inadequate to care for the sick in Bryan in the present epidemic.

4. At the time the editorial was written the deaths were only 13 and not 20 as stated. It is probable that The Eagle knew of only 11 deaths. Only three of these deaths occurred in barracks five, and these men took a turn for the worse very suddenly and were too ill to be moved. All the other deaths occurred in the College hospital.

5. The statement that any man went 18 hours without nourishment and that there was no ice water is incorrect.

6. The man who died partly clothed is the same one who was too ill to move. He was taken so suddenly and dangerously ill that it was considered dangerous to try to remove his clothes at this time. Everything possible was done for him.

7. Regarding lack of care and attention of the men everything was done which was possible under the circumstances. Needed supplies were telegraphed for from San Antonio and no man suffered from lack of medicine.

8. If the good citizens of Bryan and The Eagle were so anxious to help in the great emergency, it is suggested that the proper way would have been to offer needed assistance and not fly into print with an exaggerated and largely false statement.

JOHN F. GIBSON,
Captain M. C.

WE BUY OLD FALSE TEETH.

We will pay up to \$21.50 per set (broken or not). Send now. Cash sent by return mail. Package held 10 to 15 days subject to sender's approval of our offer. Highest prices paid for old gold jewelry, gold crowns, bridges, platinum and silver.

994 Goldsmith Bldg., Opp. Postoffice
Milwaukee, Wis.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is Ballard's Snow Liniment, it is both healing and antiseptic. Sold by M. H. James.

DEATH REPORT FROM COLLEGE IS BETTER

So rapidly has the epidemic situation at College improved that only one death was noted there during the 24-hour period ending at noon today, the patient who succumbed being John E. Anderson, 30, of Boone, Iowa, member of company D, training detachment, who succumbed Monday afternoon at 4:30.

To prevent the further spread of the contagion and also as a precaution against the possible development of pneumonia among those who have had the influenza, all those who have recovered from the fever with influenza have been quarantined in barracks five, where they will remain for a period of ten days. It is held by Maj. S. M. Corbett, M. C., ranking officer of the medical forces at College, that influenza is equally as contagious and quite as serious as measles and the same precautions are being taken against its spread.

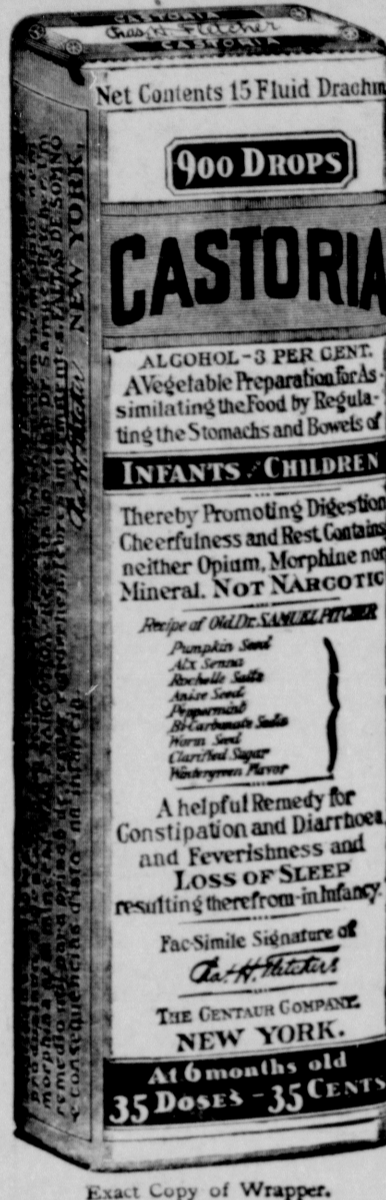

Another precaution has been taken in the establishment of visiting hours for the men in the hospital. These hours are from 2 to 5 o'clock p. m. daily and while exceptions will be

made in cases of men who are dangerously ill, the physicians desire that there will not be much company. The pneumonia patients need all the air they can get, Major Corbett points out, and a constant stream of visitors tends to excite the patient and he has little chance to relax and recuperate his strength.

No visiting hours have been established for the men in quarantine as they are not sick but merely under detention and are not in need of visitation in the opinion of the officers. Indiscriminate visiting among them might serve to spread the contagion.

Private Anderson, who died yesterday afternoon, is survived by his mother, Mrs. Christian Anderson, and a brother, the latter being present at the time Anderson died and accompanying the body home to Boone, Iowa, whither it was forwarded last night. The body was accompanied also by E. C. Kelleher, who went as a military escort.

Surgeons agree that in case of cuts, burns, bruises and wounds, the first treatment is most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borogone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Sold by M. H. James.

TWO SOLDIERS AND ONE STUDENT IS 24 HOUR TOTAL

Favorable Developments Are Reported --- Only Three in Beds at Dormitories --- No More Seriously Sick

From Saturday's Daily Eagle
Two soldiers and one student died at College during the 24-hour period ending at noon Saturday, but the number of patients discharged from the hospital and the few new cases developing indicated the most favorable development in the epidemic that has prevailed since it became acute. There were only three students in their beds in the dormitories and none of these in the hospital is considered in a critical condition, and the situation among the soldiers likewise shows marked improvement.

The deaths during the 24-hour period ending at noon Saturday follow:

Homer Rush, 27, member company C, training detachment, died late Friday afternoon. His home was at Pryor, Okla., where his mother, Mrs. Laborna Rush, resides and the body is held pending advices from her.

James E. Reed, member company E, training detachment, of Clay, W. Va., died at 7:17 p. m. Friday. He is survived by his wife, Mrs. Blanche Reed of Clay, W. Va., a sister, and other relatives and the body is held pending instructions from them.

H. L. Johnson, 17, member of fourth company, S. A. T. C., and whose home was at Graham, died at 6:15 Friday afternoon. As was the case with the soldier, he had been very low with pneumonia for several days and his death had been hourly expected. He is survived by his parents, Mr. and Mrs. C. W. Johnson, who were with him when he died, and one brother, Lieut. C. W. Johnson, Jr., of Camp Stanley. The body has been forwarded to Graham where the funeral will be held Sunday.

From Monday's Daily Eagle
Four students, two soldiers and a soldier's wife constitute the death roll on the college campus during the 48-hour period ending at noon Monday. With the exception of Mrs. Marshall, the wife of T. V. Marshall, a member

of the training detachment, all those who died had been critically ill for several days and their death had been anticipated by those in attendance, but Mrs. Marshall developed pneumonia late Sunday, following an attack of influenza, and succumbed Sunday night. There are no other students who are in a critical state, it was announced Monday, and the number of soldiers who are dangerously ill is much lower than it has been since the situation became critical.

A summary of the deaths follow:
Doyle G. Brooks, company 6, S. A. T. C., 19 years old, from Maypearl, died Sunday morning at 1 o'clock. He was the son of Mr. and Mrs. W. T. Brooks of Maypearl, who were with him when he passed away and accompanied the body home, where interment was made Monday. Brooks was a graduate of the Maypearl high school and was in the second year of the two-year course at College.

Peter H. Agropian, 19, member company 7, S. A. T. C., died at 4 a. m. Monday. He was a graduate of the Brookshire high school, entered the two-year course at College and is survived by his mother, Mrs. Y. T. Agropian of Brookshire, to which place the body was forwarded Monday for burial.

G. Leigh Jones, 20, member company 1, S. A. T. C., died Sunday afternoon at 1. He enrolled from San Juan, Texas, though he was a graduate of the high school at Sheldon, Iowa. He is survived by his father and mother, Mr. and Mrs. G. L. Jones, and the body will be taken to the old family home in Pennsylvania for burial.

Victor M. Robertson, 19, member company 6, S. A. T. C., whose home was at Beaumont, died at 10:30 Sunday night. He was a graduate of the Beaumont high school and son of Mr. and Mrs. J. M. Robertson of that city, to which place the body was forwarded Monday for interment.

Joseph R. Power, 22, company E, training detachment, died at 3 o'clock Sunday morning. He was the son of J. T. Power of Level, W. Va., and the body has been forwarded there for burial, accompanied by Cecil E. Tifton, a military escort.

Mrs. T. V. Marshall died Sunday night after a serious illness of less than 24 hours. She is survived by her husband, T. V. Marshall, member of company C, training detachment, and her mother, Mrs. J. F. Ames, both of whom were with her when she died. The family home was at Cordell, Okla., and the body was

forwarded there Monday at noon for burial.

Joe M. Nance, 24, company C, training detachment, whose home was at Guymond, Okla., died at 1:20 Monday morning. His father and mother, Mr. and Mrs. N. E. Nance, were with him when he passed away, but they had not determined upon the final arrangements for the funeral early Monday afternoon.

SERIOUSLY INJURED WHEN AUTOMOBILE HITS MOTORCYCLE

Henry W. Moehlman, owner of the Moehlman apartments of Bryan, was seriously injured this morning when the motorcycle he was riding collided with an automobile driven by Prof. T. K. Kazmeier on the road to college about a mile and a half from Bryan.

According to the statements of a witness Moehlman turned out to avoid hitting a wagon which was on the road and at the same time Prof. Kazmeier, who was approaching from the opposite direction, attempted to pass the wagon. The automobile struck the motorcycle, demolishing it and throwing Moehlman to the ground. A witness to the affair stated that the accident was unavoidable and that neither Moehlman or Kazmeier could see each other as they approached from opposite directions.

Moehlman sustained a fracture of both legs, contusions of one knee and a large flesh wound on the leg. His head was badly cut and the entire body was severely bruised. It is believed that he is hurt seriously but not fatally.

After the accident he was taken to the Bryan hospital where he could not be admitted as there were no accommodations there. He was then removed to his home, where Dr. Richardson operated. At the time of the paper going to press he was resting as well as could be expected.

BELIEVE ATTEMPT MADE ON LIFE OF PRESIDENT WILSON

(By Associated Press)
New York, Oct. 12.—A man who gave his name as H. J. Boone and who claimed he only wished to shake hands with President Wilson rushed from the crowd toward the president as he passed down the street at the head of the parade today. Secret service men hurried the man from the crowd, which surged forward, thinking an attempt had been made on the president's life. A loaded pistol was found on the street near where the man was arrested.

Spectators stated that as the secret service car drove rapidly away blood was seen flowing from a wound in Boone's head.

SURGICAL DRESSING DEPT. RED CROSS WILL NOT MEET

Owing to the prevalent epidemic of gripe in the city there will be no work done in the surgical dressing department of the Red Cross until further notice, according to an announcement made this morning by the supervisor of the surgical dressing department.

As soon as the epidemic has abated work in this department will be resumed again.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

When the chest feels on fire and the throat burns, you have indigestion and you need Herbine to get rid of the disagreeable feeling. It drives out badly digested food, strengthens the stomach and purifies the bowels. Sold by M. H. James.

PAPER SCARCER IN MEXICO.
Mexico City, Oct. 12.—Eighty-one Mexican daily newspapers are affected by the recent embargo imposed by the United States government on the exportation of newspaper papers from the United States to Mexico. Except for one plant which is controlled by Germans, there are no paper factories in Mexico.

LIKE AN ELECTRIC BUTTON ON TOES

Tells why a corn is so painful and says cutting makes them grow.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug freezone is harmless and never inflames or even irritates the surrounding skin. Adv.

W. S. WILSON, JR., CITY COMMISSIONER FRIDAY NIGHT

W. S. Wilson, Jr., 37, city commissioner and member of the firm of Maloney & Co., died at the home of his wife's mother, Mrs. E. C. Elliott, on Twenty-eighth street last night at 7:30 o'clock, after eight days' illness of pneumonia.

Mr. Wilson was one of the best known and well liked citizens of Bryan and on the streets last night and today many manifestations of grief were heard when his death became known. He had resided in Bryan for many years and leaves many friends who will regret to hear of his death.

Eight years ago Mr. Wilson married Miss Dora Elliott, who with two children, W. S., Jr., and Elizabeth, survives. Mr. Wilson was a member of the Masonic lodges and the funeral will be under the auspices of the local commandery of Knights Templar. He was serving his second term as a city commissioner and the meeting of the city commissioners, which was to have been held last night, was postponed out of respect to him.

The funeral will be conducted this afternoon at 5 o'clock from his late residence. Rev. H. B. Jamison of St. Andrew's Episcopal church will officiate. Interment will follow in the City cemetery.

Friends of Mr. Wilson are invited to attend the services.

NO EXTENSION OF TIME FOR BRAZOS FOURTH LOAN DRIVE

Judge J. T. Maloney, chairman of the fourth liberty loan drive, yesterday wired Chairman J. W. Hoopes of the federal reserve bank at Dallas, asking if he could extend the time allotted for the raising of the Brazos quota on the loan. This morning Judge Maloney received the following telegram from Mr. Hoopes:

"Regret my inability to extend time of loan. This power rests entirely in Washington. The danger our boys are facing in France is worse than influenza. If Washington advises any change will promptly transmit information to you. HOOPES."

MRS. M. E. LOWERY DIES IN HOUSTON

Mrs. M. E. Lowery died at her home in Houston Tuesday, October 14, of infirmities attending old age. She was 80 years old. Funeral from H. & T. C. depot Wednesday at noon. Interment will be in the City cemetery. The deceased had lived in Bryan for many years, removing to Houston a year ago. She died at the home of her son, Walter Lowery. Rev. J. J. Tatum will conduct the services.

Five children, 16 grandchildren, one great-grandchild survive.

For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-FOS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paris Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chill Tonic.

If your child starts in its sleep, grinds its teeth while sleeping, picks at the nose, has a bad breath, fickle appetite, pale complexion, and dark rings under the eyes; it has worms; and as long as they remain in the intestines, that child will be sickly. White's Cream Vermifuge clears out the worms, strengthens the stomach and bowels and puts the little one on the road to health and cheerfulness. Sold by M. H. James.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its Strengthening Laxative Effect. 60c.

"Gets-It," a Liberty Bottle for Corns!

There's Only One Genuine "Corn-Peeler"—That's "Gets-It."

Ever peel a banana? That's the way "Gets-It" peels off corns. It's the only corn treatment that will "Gets-It" in a guarantee that you

No More Excuse for Corns or Corn-Pains Now!
You won't finally have to gouge, pick, jerk or cut out your corns. If you want the pleasure of getting rid of a corn, be sure to get "Gets-It." It is its wonderful formula that has made "Gets-It" the corn marvel that it is, used by more millions than any other corn treatment on earth. A few drops on any corn or callus, that's all. It can't stick. It is painless, easy to apply. You can kick your "corns" feet around, even in tight shoes, and your corns won't crucify you. You can go ahead and work, dance, live, love and laugh as though without corns. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

Sold in Bryan and recommended as the world's best corn remedy by E. J. Jenkins.

FUNERAL SERVICES FOR J. E. WEBB ARE HELD MONDAY

Following an illness of nearly two weeks with pneumonia, J. E. Webb, 22, died at 3:35 a. m. Sunday at the family residence on College avenue. Funeral services were conducted this morning at 11 o'clock from the residence of Rev. John A. Held of the Baptist church and interment followed in the City cemetery.

Young Webb was one of the most prominent young men in Bryan. He had a host of friends and was very popular. About three weeks ago he went to Houston and attempted to enlist in the navy. Filled with patriotism and a desire to serve his country during the crisis he resigned his position at College and made all his preparations to go to war.

While in Houston he was taken sick and returned to Bryan. After a week with influenza his condition became so much better that he came into town. In some way he became exposed and contracted pneumonia, which resulted in his death.

He is survived by his parents, Mr. and Mrs. Robert Webb, and two brothers, Messrs. Frank and Robert Webb, Jr.

NOTICE OF APPLICATION FOR PROBATE OF WILL

To all persons interested in the estate of Mrs. Canarie Wilcox, deceased, O. L. Wilcox has filed in the county court of Brazos county an application for the probate of the last will and testament of Mrs. Canarie Wilcox, deceased, and for letters testamentary on the estate of Mrs. Canarie Wilcox, deceased, which will be heard at the next term of said court, commencing the third Monday in October, A. D. 1918, at the court house thereof, in the city of Bryan, Texas, at which time all persons interested in said estate may appear and contest said application should they desire to do so.

Herein fail not, but have you then and there before said court this writ, with your return thereon endorsed, showing how you have executed the same. Given under my hand and the seal of said court this 3rd day of October, A. D. 1918.

H. O. FERGUSON,
Clerk County Court, Brazos County, Texas.

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves itching Piles, and you can get restful sleep after the first application. Price 60c.

CASTORIA For Infants and Children In Use For Over 30 Years

Always bears the Signature of *Charles H. Fletcher*

NOTICE OF SHERIFF'S SALE.

The State of Texas, County of Brazos.

By virtue of an execution issued out of the Honorable District Court of Jefferson County, on the 18th day of September, A. D. 1918, by the clerk thereof, in the case of Dollie Shelby, plaintiff, David E. O'Fall, assignee, versus W. E. Shelby, No. 13741, and to me, as sheriff, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for sheriff's sales, on the first Tuesday in December, A. D. 1918, it being the third (3rd) day of said month, before the court house door of said Brazos county, in the city of Bryan, the following described property, to-wit:

All that certain tract or parcel of land situated in the John Williams survey in Brazos county, Texas, and more particularly described as follows, to-wit: About 11 miles east of Bryan and beginning at the western corner of the survey on the west line of the T. C. Bowman survey, a stake in the Kurten road; thence N. 45 W. with the Bowman line and Kurten road 904 vrs. to a stake, Simpson's corner; thence S. 45 W. 1320 vrs. to a stake on division line of said Williams survey and the Wilson pre-emption; then S. 45 E. with said line 726 vrs. to a stake in edge of prairie, a P. O. marked H. Mrs. S.-W.; thence S. 45 W. with the division line 292 vrs., a stake on the old road, a P. O. marked X Mrs. S.-W., another marked X Mrs. East; thence S. 45 E. 78 vrs., Bryan public road, at 176 vrs., another corner of the Jern Williams survey; then N. 45 E. with the Williams line 1612 vrs. to the place of beginning, containing 220.6 acres of land, more or less. And being the same tract of land that was conveyed by

Mrs. Sallie E. Gibbs to E. R. and L. A. Ramsey on the 2nd day of October, 1892, by deed of record in Vol. "14," pages 408 et. seq., deed of records of Brazos county, Texas, to which reference is here made in aid of above description, levied on as the property of W. E. Shelby to satisfy a judgment amounting to \$100 in favor of Dollie Shelby, plaintiff, David E. O'Fall, assignee and costs of suit.

Given under my hand this 4th day of October, A. D. 1918.

T. C. NUNN,
Sheriff of Brazos County, Texas.

GET SLOAN'S FOR YOUR PAIN RELIEF

You don't have to rub it in to get quick, comforting relief

Once you tried it on that stiff joint, sore muscle, sciatic pain, rheumatic twinge, lame back, you'll find a warm, soothing relief you never thought a liniment could produce.

Won't stain the skin, leaves no marks, wastes no time in applying, sure to give quick results. A large bottle means economy. Your own or any other druggist has it. Get it today.

Sloan's Liniment Kills Pain

War Dogs in France Are Taught to Like Noises

A Dog Training Camp in France, Oct. 15.—A war dog's dinner bell is a bomb. When all is ready for the meal, men standing near dugout craters close to the kennels throw in fused hand grenades and right and left all over the place there are terrific explosions with clouds of smoke and dust.

The dogs are not frightened for they have been taught that explosions are merely the prelude to a meal. As the grenades go off the "dog-men" run down the line, pushing each dog's plate of steaming food within reach, so that all are served at the same time.

This training teaches the dogs, carrying messages at the front to pass through the heaviest barrage without fear, believing that the only purpose of all the racket is to announce his dinner. Arriving with the message at headquarters, the dog at once finds his master, who detaches the message from the collar receptacle and immediately rewards the animal with food. In this way communications can be

maintained with advanced elements of troops without the sacrifice of human life.

The advantages of a dog messenger are many. The dog of course runs much more quickly than a man messenger and presents a far more difficult target for enemy snipers. In the case of small garrisons in outlying posts, the sending of soldier runners seriously weakens the fighting power of the unit, besides exposing the messengers to all the perils of a first-sweep zone. Experience has proved that a combination of dog and carrier pigeon service is, if not more reliable than that of the human runners, very much more efficient.

It is of the utmost importance that the dog of war be safeguarded from all blandishments and temptations to linger among new-found friends, for everything depends, when he is released, upon his bolting straight back to his master with the message to his master. As food is the reward for faithful service, no one but the master may give the dog even a scrap of meat.

ALLIES CELEBRATE THE BATTLE OF ST GENEVIEVE

With the American Troops in France, Oct. 14.—In a little shell-stricken church in the town of Sainte Genevieve, perched on a hill commanding a view of Metz, Americans and French, soldiers and civilians, Protestants and Catholics, gathered September 1 in solemn celebration of the battle of Sainte Genevieve, fought and won by the French just four years ago.

The village priest beamed with delight as he gazed upon his unusual "flock" climbing up the hilly streets which led to the church. In the shattered belfry, with its gaping walls, still swing two beautiful bells, and these pealed out a joyous note as the hour for early mass approached.

The little church was crowded with men in khaki and horizon blue, with a few old men in the more sombre shades of civilian cloth, and women and children gaily clad. The service was as impressive as it was simple, as the kindly priest asked blessings upon the Americans.

SIMPLE COLD REMEDY WILL CHECK SPREAD INFLUENZA.

The following cold remedy prescription is highly recommended. The remedy is a simple one and can be compounded by any druggist:

MentholGrx
Gum camphorGrx
Carbolic acidGtts.
Alcohol qs.1 oz.

To use the remedy, pour a little in the palm of the hand and then rub with other palm until the alcohol has evaporated. Then place both hands over mouth and nose and inhale. The best time to take the remedy is before retiring. It invariably will stop a cold the first night. If colds are prevented it will check the spread of influenza.

PITCHER MOKES MOTORS.

Indianapolis, Ind., Oct. 16.—Mordca Brown, the three-fingered pitching marvel of major league fame, is engaged in the nation-wide task of helping win the war. Brown is working for a firm here building liberty motor parts. He is 41 years old and exempt from active military service because his thumb and first finger of his right hand are missing. The veteran was first aid to Joe Tinker in the management of the Columbus club of the American association last season.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BACKDOOR QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of Dr. W. GROVE, Inc.

MOTHER! GIVE CHILD 'SYRUP OF FIGS' IF TONGUE IS COATED

If Croup, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty its bowels and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated, waste, sour bile and undigested food passes out of the system and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt. Adv.

HUN PROPAGANDA NOW WORKING IN CHINESE REPUBLIC

Peking, Oct. 14.—The hand of Germany, working to lower French prestige in China, is seen by the French legation here in the recent attempt to open diplomatic relations between China and the vatican. The legation says it has collected evidence to support the charge.

When it was announced several weeks ago that the Chinese government had appointed a minister to the vatican and that the papal delegates to the Philippines, Monsignor Petrelli had been appointed papal nuncio to China, the French minister immediately lodged protest. The protest was based on the claim that the appointments were made in contravention of the Tientsin treaty of 1858, which recognized French protection of Roman Catholic missionaries in China, and that they were against the spirit of the alliance between China and the entente nations.

While negotiations were under way China communicated to the pope that Monsignor Petrelli was persona non grata in Peking for the reason that he is a personal friend of Adm. Hintze, late German minister to China and now German foreign secretary.

TABOR.

Tabor, Oct. 15.—We had three big rains last week, Monday, Thursday and Friday. The roads are muddier than they have been in a long time. There has been several cases of influenza around here but none have yet proved serious.

The schools of this district have suspended for this week on account of influenza.

The Baptist association met at Cottonwood last Wednesday night. It was to have lasted until Friday afternoon but on account of gripe it was dismissed Thursday afternoon.

The weather was so unfavorable Sunday that we did not get to have the liberty day program Sunday afternoon.

Albert McCallum is here on a furlough from Brooklyn, New York. Mr. and Mrs. E. T. Benbow spent Sunday and Sunday night with Mr. and Mrs. Willie Prenal.

CO-OPERATIVE BUYING.

Washington, Oct. 16.—What amounts to co-operative, syndicated buying in foreign markets has been adopted as a war measure by French manufacturers who get raw materials abroad. Commercial Attache Pierre Williams at Paris points out that French industries, therefore, are rapidly being centralized in syndicates acting on behalf of the French government.

These importing syndicates are known as consortiums. Their capital stock is fixed by the government and each manufacturer requiring the raw materials is permitted to take a certain amount based on his prewar imports.

The consortium is permitted to distribute the material to the members, at a price determined by the ministry of commerce. It is expected that wasteful competition will be prevented in markets which also must supply France's associates in the war and that profiteering by mushroom firms will be eliminated.

FOR COLDS AND GRIPPE FOLLOW DOCTORS ADVICE

Ask any physician or druggist and he will tell you that the first step in the treatment of a cold, cough, influenza or gripe should invariably be "a brisk calomel purgative, preferably the nauseous calomel, called Calotabs." This alone is often sufficient to break up a severe cold or night, or cut short an attack of gripe and possibly prevent pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasures or work. Next morning your cold has vanished and your entire system is purified and refreshed. Calotabs are sold only in original sealed packages; price 35 cents. Recommended and guaranteed by druggists everywhere. Price refunded if you are not delighted. Adv.

HARVEY.

Harvey, Oct. 16.—Last week seemed to be nothing but a series of rains and sickness. On Monday we had a veritable Longfellow's rainy day, beginning by 8 a. m. it poured all day, accompanied by thunder and lightning till nearly night, it was even too dark to read with any comfort but nearly every discomfort has some good point, so with that rain it softened the earth so the farmers could better dig their peanuts. Then it kept raining till they all feared the nuts would sprout and ruin, but the good Lord sent us a norther yesterday which enabled the peanuts to dry after being plowed and the farmers got busy; at least those who had delayed so long. Now we are so encouraged that we believe everybody is going to be able to buy one or more liberty bonds. We are in hopes, too, that the norther of yesterday will in some way check the spread of this influenza. We think about two-thirds of our citizens have had or have it now, but we have not heard of any death from it, except perhaps a negro that died yesterday. But it has certainly paralyzed the liberty loan drive as all the chairmen were sick and many too sick to call a meeting. Mrs. Benbow of Bryan appointed Mrs. J. C. Davidson as chairman for Harvey as assistant, but on making the first round she found there were three or four already appointed. Amon Williams informed her that he thought all would come up to their parts as soon as he could get out of bed and call a meeting. He said it would be a slow and unsatisfactory way of going from house to house. He said the negroes on his father's farm had promised \$1000. We mention this to encourage the county chairman.

Dr. J. C. Davidson has been confined to his room for a week with influenza but is getting better. On Wednesday of last week Jim Vaughn from Iola was on his way to Bryan and was taken sick at Coleville he tried to get a man to carry him back home in his auto but the man was afraid of contracting his disease; on the invitation of Dr. Davidson he stopped with him for the night and has been with him ever since; though he has been quite sick he is able to walk around a little today for the first time. Edgar Peters' family, except two, were all down at one time with influenza; they took it later. John Dyess had five down at one time. We think there is hardly a family that escaped; yet it has not been as serious as it has in the towns; it never reached the stage of pneumonia.

HOLTON WINS QUILT.

Jack Holton of Benchley held the lucky number 333, which won the quilt raffled by the Keith chapter of the Red Cross. The number on the quilt was 333 and Mr. Holton drew the corresponding number.

Word has been received in Bryan of the death of Sgt. Ira W. South, a former resident of Bryan, who died of pneumonia at Portsmouth, Va. Sergeant South was 25 years old and enlisted in the marine corps in 1917. A father, mother, brother and two sisters survive. The body will be brought to Houston where interment will be made. The father of deceased was formerly an instructor at Allen academy and will be remembered by many friends.

SPANISH INFLUENZA RAPIDLY SPREADING

Persons Weak and Rundown Easy Victims—Fortify Yourself Against It By Taking Tanlac.

According to late reports issued by state and federal health authorities the Spanish influenza epidemic is rapidly spreading to all parts of the country and it now seems that practically every state in the union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health but unless checked, it is apt to seriously affect the progress of war work in all its various departments. Already the shipping board has announced that 10 per cent of its workers had been affected.

The disease has made its greatest progress in the east where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming, and both civil and military authorities have warned the public to take every precaution to prevent its further spread.

In many cities schools, churches and theaters have been closed and public gatherings of all kinds forbidden. Medical authorities agree that people who are weak and rundown are the earliest victims of the influenza epidemic. If you find yourself tired, weak and losing flesh or if you are in a generally run-down condition, or if you catch cold easily this warning should be heeded promptly. You are really in great danger, because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germs. People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution.

In other words to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a sub-normal condition the proper thing to do is to begin immediately to build up your powers of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic, which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all Tanlac begins its action by creating a good healthy appetite for wholesome nourishing food, and assists every organ of the body to perform its natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after effects of influenza, gripe or bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every day rules of hygiene be observed; that is, sleep in well ventilated rooms, get plenty of fresh air and exercise and keep away from crowds.

Tanlac is sold in Bryan by N. A. Stewart.

Locals and Personals

From Monday's Daily Eagle Reports this morning on the condition of H. W. Moehlman, who was injured Saturday when the motorcycle which he was riding on College road collided with an automobile, state that he is doing well and his recovery is expected. Rumors were current in town that he would not survive the accident but there is nothing in his condition to warrant such suppositions. No complications or internal injuries have developed.

Miss Willie Rogers, librarian at the Carnegie library, has volunteered to nurse the sick soldiers at College and for the next few days the library will be in charge of Miss Ray Montgomery and Miss Lettie O'Flaherty.

Mrs. Paul Swancoat was very ill yesterday with influenza but is much better today and it is hoped there will be no complications.

Mrs. Will Lawrence is recovering from a severe attack of influenza.

Harris Gregg, a lieutenant in the cavalry section stationed at Mercedes, Texas, is here on short furlough. He is anxious for a chance to go to France but fears the wish will not be gratified.

Capt. George Brandon is confined to his home with influenza.

Allen Smith, who has been very ill with pneumonia, is improving steadily and is now able to sit up.

Mrs. Ben Knox, who has been at the point of death for several days with pneumonia, is reported some better and hopes for her recovery are entertained. The many friends of the family will be glad to learn this.

Lieut. and Mrs. Brooks C. Grant returned Friday from San Antonio, where Lieut. Grant was operated on for appendicitis.

Mrs. R. L. Hearne is convalescent after a severe siege of influenza.

W. J. Fesperman is confined to his home with a severe attack of influenza.

Private Durwood Kirby of Camp Travis has pneumonia and is very ill, according to a message received from San Antonio this morning. He is a son of T. N. Kirby who resides on the Jim Dunn place.

A message from San Antonio states that Julius Christian is improving but that his wife, who had been at his bedside, is now ill with pneumonia at one of the San Antonio hotels.

Mr. and Mrs. Charles Turner are both ill with influenza.

Word has been received in Bryan of the death of Sgt. Ira W. South, a former resident of Bryan, who died of pneumonia at Portsmouth, Va. Sergeant South was 25 years old and enlisted in the marine corps in 1917. A father, mother, brother and two sisters survive. The body will be brought to Houston where interment will be made. The father of deceased was formerly an instructor at Allen academy and will be remembered by many friends.

From Tuesday's Daily Eagle Mrs. W. H. Cole and Mrs. H. R. Brayton received a telegram from Chicago telling them of the death of their brother, Dr. W. A. Gustavus, which occurred in that city Monday. Dr. Gustavus was 46 years old and was formerly a resident of Texas. The remains will be sent to Ballinger, Texas, where the funeral will be held. Pneumonia was the cause of death.

The condition of Charlie Sosolik, who is ill with pneumonia at his residence, is reported better this morning.

The state bazaar at Taylor, Texas, has been postponed on account of epidemic, to some future date.

Rev. C. H. Storey, pastor of the Presbyterian church, is confined to the manse with an attack of influenza.

Mr. and Mrs. N. E. Nance of Guyton, Okla., wish to thank the ladies of the Red Cross and the people of Bryan for the kindness to their son, Joseph, during his illness and subsequent death at College.

Mrs. J. T. Mize and Mrs. W. V. Fife have returned from Bellville, where they were called by the illness and death of their father, L. T. Hinton.

Many soft clean rags are needed by the Red Cross workers who are nursing the sick soldiers at College. Persons who have any rags are requested to take them to Mrs. Tyler Haswell and she will see that they are sent to the camp.

From Wednesday's Daily Eagle J. W. Coulter, who has been ill the past several months with stomach trouble, is still confined to his bed, though resting easy today. He hopes to be out in the near future and has promised The Eagle a basket of turnip greens his first trip downtown.

Second Class Machinist A. J. McCallum left today at noon for Brooklyn, New York, after a visit here with home folks. He expects to be stationed at a port in France shortly.

Special teachers' examinations to fill vacancies in the county caused by conditions owing to the war, will be held.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by Catarrh sufferers for the past thirty-five years and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surface, eradicating the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of Catarrh. Send for testimonials. Free. E. J. CHENEY & CO., Toledo, Ohio. Sold by All Druggists, 76c.

held Friday and Saturday at the court house, according to an announcement made by W. L. Powers.

Miss Lucy Christian is reported as recovering from the influenza.

Mrs. T. K. Lawrence, supervisor of surgical dressing work, requests that all workers of this department of the Red Cross meet at headquarters Thursday morning to make gauze masks. All are requested to be on hand promptly at 9:30.

D. Mike is improving and will be out the first of next week.

Sim Wootton made a round trip to Brenham yesterday and last night.

Father J. B. Gleissner of St. Joseph's Catholic church has received

word by telegram that Walter Chesak, 23 years old, has been severely wounded in action. Chesak was born and raised near Smetana.

The many friends of Mrs. Ben Knox will be glad to learn she is steadily improving.

Jack Garter of the Daily Dry Goods company, who has been very ill with influenza is steadily improving.

Mrs. W. W. Solomon and children have about recovered from a severe attack of the gripe. Four of the family were confined to bed at the same time last week.

Dr. and Mrs. E. W. Solomon are in Dayton, Texas, getting acquainted with a new grandson. The last word

from them stated both have so far escaped the influenza. They will return to Bryan in a few days.

WILL HAVE UNIVERSITY. London, Oct. 15.—Isaac Goldberg of Vilna, a Russian Zionist who has just arrived in England on his way to Palestine, has announced that he has purchased a site and on which will be erected a Hebrew university.
